Milling Capabilities

- 3 & 4 – Axis
- 21" x 40" Single Setup Capacity
- All Soft and Hard Materials

Turning & Mill-Turn Capabilities

- 2 - 4 – Axis Turning and Milling
- Dual Spindle to Maintain Tight Feature Constraints
- Up to 12" Diameter

Router Capabilities

- 2+1 & 3 – Axis Machining
- Full Servo and Ball Screw Driven
- Drilling, Milling, & Thread Milling
- 54" X 96" X 12" Capacity
- Soft Materials (Aluminum, Plastics, & Wood)

Materials

- All Certified and 100% Traceable
- Aluminum
- Steel
- Alloy Steel
- Stainless Steel
- Phenolic & Plastics
- Wood

Differentiators

- Lean Six Sigma Expertise
- Design for Manufacturability Collaboration
- Rapid Prototyping and Iteration
- Military Standards and Specifications
- Strategically located in Huntsville, AL
- Redundant Process Capability to ensure timeline.
